## Decision-makers come together at the marketplace for intralogistics in the heart of Europe

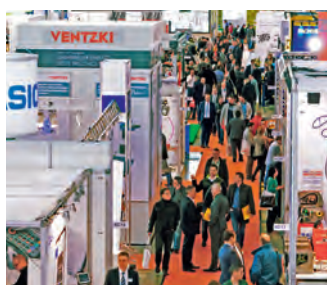

LogiMAT, the International Trade Fair for Distribution, Materials Handling and Information Flow, has set new standards as the biggest annual intralogistics exhibition in Europe.

Between 14 and 16 March 2017 international exhibitors and decision-makers from industry, trade and the service sector will be coming together at the new exhibition centre at Stuttgart Airport to find new business partners. The focus will be on innovative products, solutions and systems for procurement, warehouse, production and distribution logistics.

The location is ideal – Stuttgart, right in the heart of Europe, in the region of Baden-Württemberg. This region leads the intralogistics sector in Europe and it is set to expand this role even further. The new exhibition centre in Stuttgart is Europe's most modern facility of its kind. Perfectly located with a direct link to the airport, rail network and A8 motorway.

## The sector comes together in Stuttgart!

- Materials handling and storage technology
- Warehouse and operational equipment
- Warehouse and production controls/Robotics
- Packaging, weighing, measuring and franking
- Loading technologies and systems
- Retrofitting

## Over 1,300 exhibitors on 95,000 square metres.

### Live Events:

- **Live scenario: process control with AutoID technologies**
- **Supply Chain World: The practical cognitive logistics forum**
- **Practice and opportunities for load securing on small transporters up to 3.5 tonnes and trailers**

Manage trade processes efficiently

Numerous LogiMAT exhibitors present intralogistic products and systems for the smooth running of your trading activities in e-commerce and Omnichannel, such as picking, conveyor technology, packaging, labeling or IT networking.

In addition, you will find a concentrated and complementary range of products and solutions for the realization of modern trade and sales processes under Retail 4.0, such as online shops and marketing, dispatch management, fulfillment or return handling.

An own lecture series provides first-hand expert knowledge.

## Trade forums – overview

Tuesday, 14 March

Wednesday, 15 March

Thursday, 16 March

Duration: approx. 1.5 hours per theme.

- Opening ceremony
